

I'm heading out soon. Please take care of a few things before I leave.

- See whether my **cup** is under the pool table in the recreation room.
- See if the **laptop** is on the lounge table. If it's not there, please help me find it.
- Verify that the **toolbox** is on the top shelf in the storage room.
- Determine whether the **coron** in the tea room microwave has finished heating.

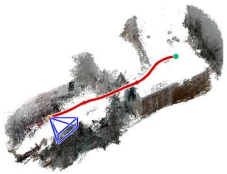

Subgoal A: Laptop

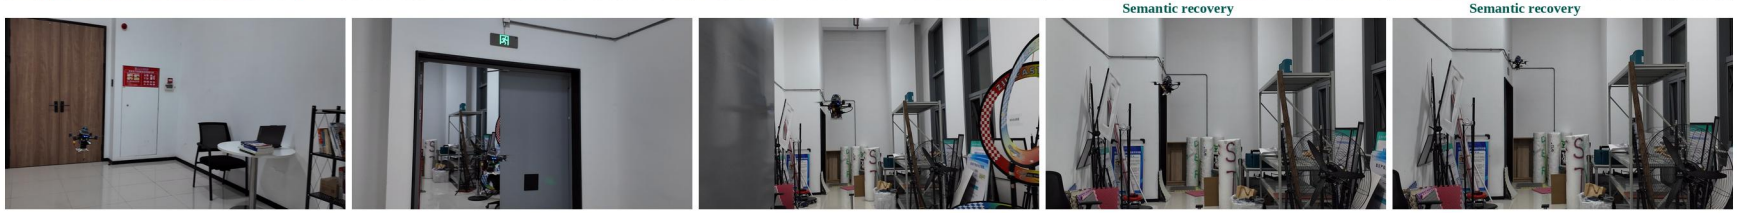

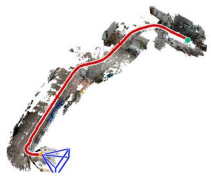

Semantic recovery
